Jill Jelnick

Jill was recognized by the City Council on January 20, 2010 for her outstanding efforts to raise awareness about breast cancer.

Three years ago, the Aliso Niguel High School student launched the Pink Ribbon Club at school to educate young women about the disease that claimed her grandmother's life. Through the club, she has led the efforts to raise nearly \$3,000 for Susan G. Komen for the Cure.

In recognition of her efforts, the Orange County Affiliate of Susan G. Komen for the Cure named Jill the organization's Outstanding Youth Volunteer of the Year.

Jill is proud of the Pink Ribbon Club and its efforts and hopes to help find a cure for breast cancer.
